

**IT Management Association (ITMA) is formed in 1998.**

**It is the only Singapore-based professional membership association for senior IT executives.**

**ITMA is committed to setting the standard for IT professionalism and provides its 400+ members these opportunities:**

### **Create new growth**

Learn new solutions from peers, industry experts and vendors

---

Increase business exposure and explore opportunities to collaborate in a safe environment

### **Connect and Learn**

Expand network and gain access to members from commercial and public industries

---

Access to workshops, webinars, white papers, thought leadership articles, events... it's all about learning

### **Make an impact**

Share experience and coach future generations of IT executives

---

Build a professional profile in IT industry
